Client Ref. No.: 96-155-3

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE** *#12*

In re application of:

William J. Welch, et al.

Patent No.: 6,270,954 B1

Issued: August 7, 2001

For: CORRECTION OF GENETIC  
DEFECTS USING CHEMICAL  
CHAPERONES

Examiner: L. Leary

Art Unit: 1623

REQUEST FOR A CERTIFICATE OF  
CORRECTION

Assistant Commissioner for Patents  
Washington, D.C. 20231

**Certificate**  
**JAN 02 2003**  
**of Correction**

Sir:

Pursuant to 37 CFR §1.323 Applicants submit a Certificate of Correction (in duplicate) to correct typographical errors in Claims 19-22.

The submission is in response to an October 28, 2002, communication from the PTO denying a previous request to correct the same errors. The communication states that the errors are amendments made by the examiner permitted under MPEP §1302.04 and not subject to correction. Applicants respectfully note that MPEP §1302.04 relates to correction of obvious typographical errors by the examiner and is not applicable to the changes in the present case. By changing the phrase "The use of a" to "A," the examiner has effectively changed the subject matter of the claims--method claims have been changed to composition claims.

In the Office Action mailed December 30, 1999, the Examiner rejected claims 19-22 on the ground that these claims were directed to a process but had failed to

PATENT

recite the steps of the process. In response to this rejection, Applicants amended claim 19 to recite the steps of the process. This indicates the Examiner's acknowledgment that claims 19-22 are drawn to a process and not a composition. Applicants thus submit that the request for a Certificate of Correction is appropriate and should be allowed.

The desired corrections are set forth on form PTO 1050, enclosed.

Since the typographical errors were made by the Patent and Trademark Office, Applicant believes no fee is due.

Respectfully submitted,

  
Peter Seperack
